REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

No statistical difference seen in the change from the baseline for the placebo at 20 mg of tadalafil and 50 mg of tadalafil, which is respectively .9 vs. .8. No statistical difference seen in the change in efficacy between 20 mg and 50 mg, which is 8.6 vs. 9.8, respectively. However, the adverse side effects at 20 mg are dramatically reduced when compared to 50 mg. This data has been set forth in the showings submitted on July 26, 2004 and January 15, 2004. This demonstrates unexpected results of the 20 mg dose of tadalafil over the 50 mg dose.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Extension of Time

The Director may charge Deposit Account No. 13-2855 for any fees for extension of time that might be required. Any extension of time under 37 CFR 1.136(a) that may be required has been authorized by Mr. Napoli.
